

Turbo Saviour Sales Pty Ltd

ABN 14 160 079 318

Thank you for your confidence in Turbo Saviour, we believe you have made the very best choice in choosing Turbo Saviour for adding protection and extending the life of Turbochargers.

Your Turbo Saviour is designed and manufactured to provide outstanding performance and reliability.

It is recommended to replace the Turbo Saviour every 1500 hours or 3 years in harsh conditions and 3000 hours or 3 years in normal conditions.

TSS strongly advises to check manufactures owners manual before installing.

## WARRANTY

Turbo Saviour MK3 part number G4000B is warranted as here and after appears, against faulty material and / or workmanship for a period of one (1) year from date of purchase. The obligation of the manufacturer under this warranty is limited to servicing and replacing defective parts when the unit is returned to Turbo Saviour Sales or to place of purchase / distributor in your state, freight prepaid. This warranty becomes void on any unit which has been tampered with or damaged by accident, or loaded beyond rating or damaged by improper operation. The warranty is also conditional on the unit being installed by a qualified diesel / motor mechanic. All other warranties whether expressed or implied, and whether arising by operation of law or otherwise are hereby excluded.
